TECHARG SYNERGI INDONESIA
IT INFRASTRUCTURE & HARDWARE SOLUTIONS

A young company with a *seasoned team.*

Techarg Synergi Indonesia is an IT company founded in Jakarta in 2024. We design, supply and support IT infrastructure: networks, CCTV and security systems, office devices, multimedia and audio visual, and electronic accessories.

The company is new, but our team brings more than 15 years of combined experience in the IT industry. Every solution is tailored to each client's needs and business goals, so systems run well, efficiently and deliver long-term value.

We help companies build reliable IT infrastructure without managing many vendors: from choosing devices and installing networks to maintaining them every day.

1

Team for all your IT needs

Where we are *headed.*

OUR VISION

To be a trusted, strategic IT partner delivering innovative, reliable and client-focused technology solutions that support sustainable business growth.

OUR MISSION

- 01 Provide IT solutions tailored to each client's needs and business goals.
- 02 Deliver high-quality networks, IT infrastructure and office electronics, backed by reliable support.
- 03 Apply our team's experience to keep client systems efficient, secure and built to last.
- 04 Build long-term partnerships grounded in trust, professionalism and continuous improvement.

Five core services, *one partner.*

Choose the service you need, or combine several. Every solution is adjusted to your site, your team and your budget.

01

Office Network Installation

LAN, Wi-Fi, firewall & cabling

02

CCTV & Security Systems

CCTV, access control & attendance

03

IT Hardware Procurement

PCs, laptops, servers & printers

04

Multimedia & Audio Visual

Meeting rooms, displays & sound

05

Electronic Accessories

Cabling, racks, UPS & peripherals

+

Something else?

Tell us what you are working on. We will find the right solution.

PLUS SUPPORT SERVICES

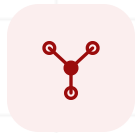

Maintenance & IT Support

Preventive care & troubleshooting

Laptop, PC & Server Rental

Daily, monthly or yearly

Office Network Installation

Fast, secure and stable connectivity, from the first cable to daily monitoring.

IDEAL FOR

Offices, hospitals, government agencies, campuses and warehouses, including new offices and networks that need an audit.

WHAT WE HANDLE

Site survey

Topology, IP plan and capacity mapped to your building.

LAN & Wi-Fi

Switches, routers and access points with VLAN segmentation.

Server room

Rack layout, UPS and tidy, labeled cabling.

Structured cabling

UTP Cat6/Cat6A and fiber optic, racks and patch panels.

Firewall & VPN

Network security, secure remote access and bandwidth control.

Maintenance

Monitoring, troubleshooting and scheduled check-ups.

CCTV & Security Systems

See every corner, control every door, and check it all from your phone.

WHAT WE HANDLE

Site survey

Camera positions planned for full coverage, no blind spots.

Storage sizing

Recording capacity matched to how long footage must be kept.

Access control

Fingerprint, face or card door access, plus staff attendance.

Cameras & NVR

Indoor, outdoor and PTZ IP cameras with NVR recording.

Remote viewing

Live view and playback from phone or computer.

Maintenance

Health checks, camera cleaning and firmware updates.

IDEAL FOR

Offices, hospitals, warehouses, retail sites and buildings.

IT Hardware Procurement

The right devices, set up and ready to work on day one.

WHAT WE HANDLE

PCs & laptops

Business-grade devices matched to each role and budget.

Servers & workstations

For applications, data storage and heavy workloads.

Printers & office devices

Printers, scanners and other office electronics.

Ready-to-use setup

OS, software and network configured before handover.

Bulk rollout

Many units delivered on a coordinated schedule.

After-sales

We help you handle warranty claims.

IDEAL FOR

New offices, expansions, device refreshes and projects that need formal quotations.

Multimedia & Audio Visual

Rooms where every meeting and presentation just works.

WHAT WE HANDLE

Meeting rooms

Video-conference camera, audio and display.

Displays

Projectors, interactive panels and large-format screens.

Sound systems

For halls, auditoriums and training rooms.

Digital signage

Information screens for lobbies and public areas.

Integration

Mounting, cabling and connection to existing systems.

User training

Your team learns to run every room with confidence.

IDEAL FOR

Meeting rooms, boardrooms, auditoriums, training centres and lobbies.

Electronic Accessories

The parts that complete a system and keep it reliable.

WHAT WE HANDLE

Cabling parts

Patch cords, connectors, keystones and fiber components.

Power protection

UPS, PDU and surge protection.

Spare parts

Replacements for worn or damaged components.

Racks

Wall-mount and floor-standing, with cable management.

Peripherals

Monitors, keyboards, mice, headsets and adapters.

Right fit

Every item checked against your installed equipment.

IDEAL FOR

Daily operations, office expansions and equipment replacement.

Keeping your IT *ready every day.*

Maintenance & IT Support

Devices that are maintained regularly last longer, fail less and stay secure, without adding to your in-house team.

- ✓ Preventive maintenance for PCs, laptops, servers and network devices
- ✓ Corrective maintenance: troubleshooting and repair
- ✓ Network and CCTV maintenance
- ✓ Firmware updates and basic security checks
- ✓ IT asset inventory for refresh planning
- ✓ Per-call visits or scheduled maintenance contracts

Laptop, PC & Server Rental

Not every device has to be bought. For short projects, contract staff, training or events, renting is more flexible.

- ✓ Laptops, desktop PCs and monitors
- ✓ Servers and network devices for projects or trials
- ✓ Projectors and displays for events and meetings
- ✓ Units checked, cleaned and ready to use
- ✓ Basic configuration on request
- ✓ Technical help throughout the rental period

Focused answers for *specific needs*.

IT Support Onsite

Technicians come to your office for PCs, networks, printers, CCTV and server rooms. Per call, maintenance contract, or project support for office moves and new branches.

techarg.id/it-support-onsite-jakarta →

Office Firewall

Survey, supply and configuration of firewalls: access policies, web filtering, network segmentation (VLAN), VPN for branches and remote staff, and dual internet lines.

techarg.id/jasa-firewall-kantor →

Office Server & NAS

Needs analysis, server and NAS supply, RAID, shared folders and user access, automatic backup, rack and UPS, data migration and maintenance.

An IT partner who *understands your business.*

Experienced team

Backed by certified professionals with more than 15 years of experience in the IT industry.

Current technology

We use industry-leading devices and best practices, so your solution stays relevant for the long term.

Responsive service

One contact for all your needs.
We respond quickly and adapt solutions to your situation.

Measurable results

Every job has clear, documented goals, aligned with your business objectives.

One team, from consultation *to support.*

01

Consultation

Tell us your needs, constraints and budget. We map out the most sensible solution.

02

Survey & design

Our team reviews the site when needed, then prepares a design and a transparent quotation.

03

Supply & installation

Devices are prepared, installed, configured and tested until your team can use them.

04

Ongoing support

After handover, we stay with you through maintenance and after-sales service.

Trusted by institutions *in Indonesia.*

Healthcare

RSUP Fatmawati

Rumah Sakit Umum Pusat Fatmawati

Government

BPOM Indonesia

Badan Pengawas Obat dan Makanan

Government

KP2MI

Kementerian Pelindungan Pekerja Migran
Indonesia

Institutions that depend on secure, always-on infrastructure trust Techarg with their technology needs.

Brands we *often work with.*

We are not tied to any single brand. Devices are chosen to fit your needs, your existing systems and your budget, and we can continue with the brand you already use.

NETWORKING

Cisco · Fortinet · Ruijie · Ubiquiti · Allied Telesis

SECURITY

Dahua · ZKTeco

COMPUTING & SERVERS

Dell · Lenovo · ASUS · HPE

CABLING

Panduit · Furukawa Electric · Netviel

POWER

Eaton · Schneider Electric

And other brands, as your project requires.

Let's build your IT infrastructure *together.*

Tell us what you need. Our team will prepare a recommendation and a quotation that fits your budget, anywhere in Indonesia.
